9 DAYS / 8 NIGHTS DAYS

Kilimanjaro Circuito Norte — Gran Travesía de 9 días

La experiencia definitiva del Kilimanjaro — una circunnavegación completa de la montaña ofreciendo aclimatación inigualable, soledad y una tasa de éxito casi perfecta.

Experience Overview

The Northern Circuit is the longest and most immersive route on Kilimanjaro - a grand traverse that circumnavigates the entire mountain before the summit push. At nine days, it provides the best acclimatisation of any route, resulting in a near-perfect summit success rate exceeding 95%. Beginning on the Lemosho approach from the west, the route traverses the Shira Plateau before breaking north - entering terrain that fewer than 5% of Kilimanjaro climbers ever see. The Northern Circuit passes through pristine alpine desert with views of the northern glaciers, the imposing Northern Icefields, and on clear mornings, both Mount Meru and Kenya's expanse visible simultaneously. The extra days allow your body to acclimatise naturally and thoroughly, turning the mountain into an extended wilderness retreat rather than a race to the top. Camp sites are virtually private, the silence is profound, and the connection to the mountain is deeply personal. Converging with the traditional routes at Barafu Camp, the summit attempt follows the proven midnight approach to Stella Point and Uhuru Peak. This is the definitive Kilimanjaro experience for those who want to savour every step.
